

MSc in Physiology-Applied Sports Physiology

Credits	Courses	Types	Codes		Credits	Courses	Types	Codes	
2	Research Seminar	Required	2212561	Term 2	2	Specialized Texts in English	Compensatory	2212430	Term 1
2	Advanced Planning for Strength and Stamina	Required	2212562		2	Principles of Sports Activity and Exercise Planning	Required	2212559	
2	Laboratory Techniques in Physical Activity and Exercise	Required	2212564		2	Research Methodology in Sports Science	Basic	2212542	
2	Advanced Topics in Sports Physiology	Required	2212563		2	Biostatistics for Sports Activity	Basic	2212543	
2	Advanced Human Physiology for Physical Education	Basic	2212544		2	Sports Activity and Exercise Metabolism	Required	2212560	
2	Application of Computer Science and Software in Physical Education	Compensatory	2212413						

	Thesis	Thesis	3801006	Term 4	2	Advanced Sports Nutrition	Required	2212558	Term 3
					2	Advanced Laboratory Techniques	Elective	2212568	
					2	Bodybuilding for Sports Fields	Elective	2212570	
					2	Drug Use and Abuse	Elective	2212567
