

MSc in Physiology-Clinical Sports Activity Physiology

Credits	Courses	Types	Codes		Credits	Courses	Types	Codes	
2	Sports Physiology for Special Groups	Required	2212892	Term 2	2	Biostatistics for Physical Activity	Basic	2212543	Term 1
2	Research Methodology in Sports Science	Basic	2212542		2	Specialized Texts in English	Compensatory	2212430	
2	Application of Computer and Software in Physical Education	Compensatory	2212413		2	Environmental Stress in Clinical Sports Physiology	Elective	2212589	
2	Healthy Psychological Aspects of Sports Activity	Required	2212586		2	Advanced Human Physiology for Sports Activities	Basic	2212544	
2	Advanced Obesity and Weight Control	Required	2212587		2	Bioenergetics of Sports Activity	Required	2212582	
2	Cardiopulmonary Rehabilitation with Sports Activity	Required	2212588						
6	Thesis	Thesis	3801006	Term 4	2	Research Seminar in Clinical Sports Physiology	Required	2212584	Term 3
					2	Sports Activity Test and Prescription in Diseases	Required	2212589	
					2	Physical Preparation Test and Interpretation in Patients	Elective	2212590	
					2	Metabolic Diseases and Sports Activity	Elective	2212593
