

## PhD in Agrotechnology (Crop Ecology) – Curriculum Chart

### Term 1

Courses	Credits	Code	Prerequisites	Type
Sustainable Crops Production	۲			
Ecophysiology of Crops Production	۲			
Research Methodology	۲			
Statistical Methods in Agricultural Sciences	۱+۱			
Crops Ecology	۲			
<b>Total Credits</b>	<b>10</b>			

### Term 2

Courses	Credits	Code	Prerequisites	Type
Sustainability of Agricultural Ecosystems	2			
Ecology of Agricultural Systems	2			
Organic Crops Production	2			
Crops Cultivation Pattern Planning	2			
Crops Production and the Public Health	2			
<b>Total Credits</b>	<b>10</b>			

### Term 3

Courses	Credits	Code	Prerequisites	Type
Plant Nutrition and Biological Fertilizers	2			
Advanced Medicinal Plants Production	2			
Integrated Management of Weeds	2			
Thesis	6			
<b>Total Credits</b>				

### Term 4

Courses	Credits	Code	Prerequisites	Type
Thesis	6			
<b>Total Credits</b>
